

RESPONSE TO THE NOTICE TO FILE CORRECTED APPLICATION PAPER AND  
AMENDMENT UNDER 37 C.F.R. §1.312  
Attorney Docket No.: Q96675  
Application No.: 10/591,397

### REMARKS

In response to the Notice To File Corrected Application Paper, the instant specification is amended to include a description of Fig. 6 in the section of brief description of the drawings.

Fig. 6 is described in the specification as-filed, at page 22, second paragraph.

No question of new matter or questions of further search arise.

It is respectfully submitted that the submission of the present amendment should not result in reduction of Patent Term Adjustment, because the amendment is filed in response to the PTO Notice to File Corrected Application Paper dated May 10, 2010, which was mailed after the Notice of Allowance dated March 25, 2010. The submission of the present amendment can not be considered as a failure to engage in reasonable efforts to conclude prosecution.

Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
